

National Poll on Children's Health

Pertussis Vaccination – Survey Questions

Questions were answered by adult respondents age 18 and older.

1. When was the last time you were vaccinated against pertussis?

1. Within last year
2. 1-2 years ago
3. 3-5 years ago
4. More than 5 years ago
5. More than 10 years ago
6. I don't know

2. How much do you agree with the following statements about pertussis vaccination?

	Strongly agree	Agree	Disagree	Strongly disagree
<u>Parents</u> should make sure that all adults should have received pertussis vaccination before visiting a newborn baby at home				
<u>Parents</u> have the right to insist that visitors have received pertussis vaccination before coming to see a newborn baby in the hospital				

Participants were also asked demographic questions on gender, race/ethnicity, annual household income, education and insurance status.
