

National Poll on Children's Health

Daycare & Vaccines – Survey Questions

Questions were answered by parents with a child age 0-5.

Q1. Thinking about children age 0-5 years, before they start full-day school, please rate your agreement with the following.

Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
1	2	3	4	5

1. All children in **childcare centers** should be required to be up-to-date on vaccines.
2. All children in **home-based childcare** should be required to be up-to-date on vaccines.
3. Childcare providers should be required to check the vaccine status of every child, every year, to make sure they stay up-to-date.

Q2. Imagine that you are the parent or grandparent of a 1-year-old child who goes to a childcare center. Please rate your agreement with the following.

I should be able to find out...

Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
1	2	3	4	5

1. the **number** of **children** who are not up-to-date on vaccines.
2. the **names** of the **children** who are not up-to-date on vaccines.

Q3. If you knew that 25% of children (1 in 4) were not up-to-date on vaccines, would you consider taking your child out of that childcare center?

- Definitely would consider..... 1
- Possibly would consider 2
- Would not consider 3

Would consider only in the event of an outbreak 4

Q4. What policy would you support for a child who is not up-to-date on vaccines?

Keep child out of childcare until they get vaccinated 1
Give parents a grace period to get child vaccinated 2
Require parents to get a waiver from the child's doctor..... 3
Allow child to attend childcare with no penalty.. 4
Other: [TEXT BOX] 5

Participants were also asked demographic questions on gender, race/ethnicity, annual household income, education and insurance status.
