

Top 10 Biggest Health Problems - Survey Questions

Think about children and teens in your own community.

1. Please rate how big of a problem you feel the following health issues are.

	Big problem	Somewhat of a problem	Not much of a problem	Not a problem at all
Attention Deficit Hyperactivity Disorder (ADHD/ADD)				
Alcohol abuse				
Asthma				
Autism				
Bullying				
Chemicals in the environment				
Child abuse and neglect				
Childhood obesity				
Dental problems				
Depression				
Driving accidents				
Drug abuse				
Eating disorders (like anorexia and bulimia)				
Internet safety				
Neighborhood safety				
Not enough opportunities for physical activity				
School violence				
Sexually transmitted infections (including HIV/AIDS)				
Smoking and tobacco use				
Suicide				
Stress				
Teen pregnancy				
Unsafe foods				

Participants were also asked demographic questions on race/ethnicity, annual household income, children in the household and gender.
